Career Objective

To begin my professional career in a role where I can apply my technical knowledge and problem-solving skills to real-world challenges. I am eager to expand my knowledge, gain practical experience, and collaborate with others to achieve shared goals. My goal is to make a meaningful contribution to the organization while continuously improving my skills and growing professionally.

Education

B.Sc. in Computer Science and Engineering 2022 – 2026
Bangladesh Army University of Science and Technology (BAUST) *Saidpur, Nilphamari*
CGPA: 3.28/4.00 **Student ID:** 220201046

Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, Database Systems, Computer Networks, Operating Systems, Artificial Intelligence, Machine Learning, and Software Engineering.

Higher Secondary Certificate (HSC) – Science 2021
Joypurhat Shahid Zia College *Joypurhat, Bangladesh*
GPA: 4.55/5.00 | **Board:** Rajshahi

Secondary School Certificate (SSC) – Science 2019
Shaheed Police Super Nazmul Haque Police Lines High School *Joypurhat, Bangladesh*
GPA: 4.50/5.00 | **Board:** Rajshahi

Technical Skills

Programming Languages	: C, C++, Python, Dart, PHP, SQL
Frameworks & Libraries	: Flutter, TensorFlow, Keras, Pandas, NumPy
Databases	: MySQL, Firebase
Developer Tools	: Git, GitHub, VS Code, Android Studio, Jupyter Notebook, Google Colab
IT Support & Networking	: Computer/mobile troubleshooting, network and DVR/NVR configuration
Professional Skills	: Problem-solving, public speaking, leadership, teamwork
Others	: MS Office, Latex

Research & Publications

A Low-Cost IoT-Based Smart Drainage Monitoring and Automated Discharge System
Paper ID: 1703
Submitted to the International Conference on Electrical Engineering and Information & Communication Technology (ICEEICT)

- Designed an automated drainage monitoring and management prototype using ESP32 and Arduino microcontrollers.
- Integrated ultrasonic sensors and water-level indicators for blockage detection, servo-controlled discharge gates, and real-time IoT cloud monitoring.

Research Interests: Internet of Things (IoT), Computer Vision, Deep Learning, Natural Language Processing, and Document Processing.

Undergraduate Thesis / Project

Joypurhat Connect: A Modular Citizen Utility & District Information Platform Source Code
Flutter, Dart, Riverpod State Architecture, Firebase Cloud Platform 2025 – 2026

- Developed a cross-platform mobile application providing centralized digital access to hospitals, voluntary blood donors, emergency contacts, local transportation schedules, administrative services, and all upazila directories across Joypurhat district.
- **Supervision:** Supervised by Dr. Md Nakib Hayat Chowdhury *(Head of the Dept. of CSE, BAUST)*.

Featured Projects

Post2PDF — Image to PDF Utility Source Code
React, TypeScript, FastAPI, Docker, Tailwind CSS

- Developed a full-stack tool to convert social media images and screenshots into print-ready PDFs with image arrangement, rotation, and grid layouts.

Library Management System Source Code
PHP, MySQL, JavaScript, HTML, CSS, Bootstrap 5

- Built a role-based system for managing books, student accounts, and book issue/return workflows with session-based authentication.

Chicken Disease Classification AI Source Code
Python, TensorFlow, Keras, VGG16, Flask

- Developed a poultry disease classification web app using a fine-tuned VGG16 model, achieving **90.83%** test accuracy.

AgroSync AI — Smart Irrigation System Source Code
Arduino, Sensors, React.js, Tailwind CSS, AI APIs

- Designed an IoT-based irrigation solution integrating environmental sensors with a real-time web dashboard.

Honors, Awards & Leadership

- **ICPC Asia Dhaka Regionalist (2024):** Competed in the ICPC Asia Dhaka Regional Contest representing BAUST (Team *BAUSTian_Inventors*).
- **Promising Team Award (2023):** MIST Independence Day Programming Contest, awarded by MIST Computer Club, Dept. of CSE.
- **Divisional Contestant (2024):** Rangpur Divisional Collegiate Programming Contest, BRUR CSE FEST 2024, Begum Rokeya University.
- **Intra-University Programming Contest (2023):** Certificate of Achievement for outstanding standing by CSE Society, BAUST.
- **Competitive Programming Track Record:** Solved **200+** algorithmic problems on HackerRank and Beecrowd (*abdulkioumahmed*).
- **Leadership — Former Treasurer & Development Head,** BAUST Computer Club: Supervised club finances, organized intra-university tech fests, workshops, and mentored junior peers in software engineering.
